

Oxley Park Academy has determined five priorities understood and agreed by Members, Trustees and Staff.

Our pupils and communities

1

Continuously provide an engaging curriculum with exciting opportunities for all children. Working with valued partnerships, we will continue to embrace our community and remain a respected organisation. We strive to be the Academy of choice.

Our Performance

2

Every child's potential is endless, and we will continue to give our children every opportunity to achieve their best. Our curriculum will be monitored to ensure it remains progressive, and prepares all pupils for their next stage, by encouraging them to expand their horizons and embrace challenge without fear.

Our people

3

Ensure that opportunities for all staff to grow and develop are abundant, enabling them to be happy and motivated, lifelong learners, who are empowered to lead.

Our finance and resources

4

With effective planning in place, we strive to futureproof the Academy and uphold our financial resilience to protect us from unforeseen events.

Our structure, support and operations

5

Enable a strong infrastructure, to underpin all operations and futureproofing for a changing environment.
