Mrs Karen Draper BEd (Hons)

Dear Parent / Guardian,

We appreciate there may be a need to bring mobile phones for some children who walk to or from school, for use before or after the school day. The following form must be completed to give permission for this. Please be aware of the following:

- Only children with a valid reason, i.e. walking to school, may carry a mobile phone.
- Pupils are not permitted to have mobile phones on school trips, including those starting before or returning after the school day. Mobile phones cannot be stored during the school day for trips starting before or returning after the school day.
- Parents must take responsibility for checking their child's phone usage to ensure that it is NOT being used inappropriately, including the use of social media.
- Pupils are not allowed to use mobile phones on the school premises, or during the school day, and they must be switched off on entering the school site.
- Mobile phones must be handed in & collected by the child on entering the school building. Mobile phones from each class will be stored together, and kept in the school office during the day. This is at the owner's risk.
- It is the child's responsibility to hand in and collect their own phone from the class box (which is kept in the class) each day.
- Mobile phones used by children on any part of the school premises will be confiscated and must be collected by the parent.
- Mobile phones brought onto the school premises by children without a completed form will be confiscated and must be collected by the parent.
- Pupils use of mobile phones is the parents' responsibility
- ABUSE OF THIS WILL RESULT IN WITHDRAWAL OF THE PRIVILEGE

Name of Child:

Class:

I accept all of the above conditions and request that my child is allowed to carry a mobile phone to and from school this academic year, to be stored as outlined above during the school day.

Signed:

Date:
