Mandela Class Teacher

This term's Doorways...

Doorways and Pathways

'Behind Enemy Lines'. The children will be learning about how propaganda was used during World War 2, and recreating their own, enlarged propaganda posters using scaling. We will also be finding out about rationing during the war, as well as how people had to 'make do and mend', considering how the day to day lives of people in Britain were affected. We then look forward to sharing all our knowledge and learning with families during our FAB finale event

Maths

This term we will begin by securing our knowledge of place value before applying this to addition, subtraction, multiplication and division calculations and problem solving. Fractions will be a big focus this term. We will work on addition, subtraction, finding equivalents and multiplication and division of fractions before finishing the term converting between units of measure. We will have regular calculation and independent practice to enable the children to apply knowledge learnt and revisit it regularly.

English

In English this term, we will focus our narrative work around the book Hansel and Gretel. Children will focus on development of plot, character and use of dialogue. We move to a unit that uses the sinking of The Titanic as a basis for numerous writing opportunities such as diary entries, letters and advertisements. Alongside side this, daily spelling and grammar lessons will further develop the children's ability to structure their writing well.

PE Day—Tuesday

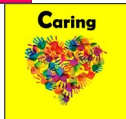

Key Dates for Year 6 for this half term

Tuesday 1 September—Inset Day
Wednesday 2 September—Academy reopens
Monday 21 September—Inset Day
Monday 28—Wednesday 30 September—Year 6 Residential trip
Friday 9 October—Individual school photos
Wednesday 21 October—Parents' evening
Thursday 22 October—Parents' evening
Friday 23 October—Academy closes for half term
Monday 2 November—Academy reopens
Thursday 5 November—FOOPA Fireworks
Friday 13 November—Flu vaccinations
Tuesday 1 December—Flu vaccinations
Thursday 3 December—Year 6 FAB Finale at 9am
Thursday 17 December—Carols on the Playground
Friday 18 December—Academy closes for Christmas holidays

This term's Values...

Caring

Home Learning:

Consolidate learning with weekly LBQ tasks that are set covering: SPaG, reading and maths.

Science

During this half term, we will be being biologists, studying 'Animals including Humans'. We will be learning about the heart and lungs, focussing on the circulatory system. We will then be looking at the effect exercise has on the body, and the importance of exercise for staying healthy, as well as the effect that drugs can have on the body.
